TAKE NOTICE

Select Poeten WHO IS KING?

BY I. B. MAYNARD. There is a host of men who boast But every hour the mighty power Of PRINTER'S INK 18 SPEN : It moves the world as easily

As does some mighty thing. And men proclaim in despot's ears That PRINTER'S INK is King. The man of go'd, of wealth untold, PRINTER'S INK may scorn, Nor kuit his brow, or deign to bow

To one so lowly born: But PRINTER's IN has built its throne Where mind its tributes bring; And Gad's most gifted intelled Shout PRISTER'S INK is King

In every clime, in coming years, Will men proud anthems sing; And sound the world the echors float, That "PRINTER'S INE IS KING!"

I Wish I Was an Editor.

I wish I was a editor-I really do it.deed; It seems to me that editors Get everything they need. They get the biggest and the best Ot everything that grows, And get in free to circuses

And other kind of shows; And when a mammoth cheese is cut, They always get a slice, For saying Mrs. Smith knows how To make it very nice. The largest pumpkin, longest beet, Aud other garden stuff, Is blown into the sanctum by

An editorial puff. The biggest bug will speak to them, No matter how they diess-A shabby coat is nothing-if You own a printing press. At Ladies' Fair they're almost hugged By pretty girls, you know,

That they may crack up everything

The ladies have to show. And has they get a blow-out free At every party feed-The reason is-b cause the write, Ant, other people read.

An Original Sketch [Written Expressly for the Tribune]

MY RUSTIC SUITOR. BY VIOLET WOODS.

So you are going away?"

KEDRON ENCAMPMENT, NO. 7. A had given me and momently inhaling their delicate perfume. I held an open letter in my hand, to

which he pointed, saying in an excited

"Is that the letter which calls for

"It is," I answered, "I wrote to my father asking permission to remain here several weeks longer, but ir stead of consent, received word to return immedi ately. My brother is to be married in a few days and it is necessary that I should be at home to receive him and

"Are you sorry to leave?" he asked in a quivering tone.

"Rather," I' responded, affecting an indifference I did not feel. 'It was or . ly at the express command of my parents that I visited this place but my enjoyment has been greater than I and tie pated. To you, I owe many thanks' I continued; 'but for your society, our d lightful walks and riding ex-ursions I should have been very lonely."

enhanced your pleasure," he added, in a tone so changed that its very gush of joy caused me to raise my eyes to his face, from which I had hitherto care fully averted mine. "You will, how ever, forget that I ever lived," he concluded, resuming his former tone, except that it was in reality more despondi. g, "when you return to the city and are again surrounded by the attractions. and fascinations which there must one

"You do me an injustice," I cried -From my earliest childhood, I have never forgotten any one who has added to my enjoyment, and now it would be strange if my feelings could vary."

"True," he returned abstractedly. at will you grant me permission t call on you this evening? I have much to say to you before you leave." 'Yes-certainly," I answered hesita

BURIAL

ASES & CAS G. W. HEWEY AVING obtained the exclusive ri

LEXINGTON, May 11th 18 You ask my opinior in relation to the durability of Terra Colla Burial Case, as compared with that of Cast Iron Cases. Experience has demonstrated that scarcely anything is, more demonstrated that scarcely abything durable in the earth than well burnt clay. The Funeral Urus and Vases of the Egyptiane and Etruscans, made of burnt Clay, which are preserved in the Museums of Europe and this country, give sufficient proof its great durability, as do also the females of ancient bricks &c., &c., in the ruins of the former cities o Asia. Dr. Clarke, the celebrated traveler, found no inscriptions so well preserved in the remains of the Aucient Cities which he visited, as those which had been made on Terra Cotta. Even Granite and Statuary Marble, decayed

hefore this.
In relation to Cast Iron, it is of great strength and considerable durability, but in the course of years when it is exposed to air and moist of years when it is exposed to air and moist of years when it is exposed to air and the course of t ure in the ground, it is gradualty converted Terra Cotta, if well burnt whilst it has less trength to resist fracture, can yet withstand treomposing influences of the utmospheric agent Yours. &c., ROBT. PETER.

I Fully concur is the above statement of Dr. PETER, in regard to the durability of TERRA COTTA BURIAL CA-
